

Kids Harbor Learning Center

Come Sail with Us!

Welcome to Kids Harbor Learning Center,

We are thrilled that you have taken the time to visit our preschool. You will find that we are one of the *best kept secrets* in Saint Lucie County. We know it is important for parents to find a child care center that is safe and affordable. If you are looking for a quaint, friendly second home for your child - look no further! KHLC provides a comfortable and warm place for which your child can safely grow and mature as they begin their invigorating educational journey. How exciting to watch your child begin to positively navigate the world around them as they begin to master academic skills, grow socially and have the ability to have a friend and be a friend! Your child will feel safe and secure with our staff, and confident and happy in their daily lives with other children at Kids Harbor.

Kids Harbor Learning Center offers various age appropriate developmental programs. We are partners with the Early Learning Coalition which offers resources for both providers and families. We offer the Voluntary PreKindergarten program with a wrap-a-round program. Our instructional program begins at 8:30 a.m. and is reinforced throughout the day in planned play centers, in physical activities and in art and music activities. Daily the children are exposed to both the English and Spanish languages. Additionally, we participate in the Family Central food program. This program contributes partial funding to KHLC which allows us to provide a healthy breakfast, lunch and afternoon snack to all of the children at no cost to the parents.

Kids Harbor Learning Center is owned by Evans Fourever Investments, LLC. The Evans family has spent their lifetime dedicated to teaching and caring for youth of all ages. However, they recognize that the front line staff are the ones who make the difference in the daily lives of the children. At KHLC, the director, Ms. Amanda, and all of the staff are well qualified, level 2 background cleared and trained continually. The staff leads with a "child first" philosophy to ensure that the individual needs of the children are met. KHLC has a moderate capacity which allows the teachers to engage more in depth with the children under their care. This gives the teachers greater insight and understanding of each child's personality and needs. We want every child to feel welcomed and at home, while giving parents a sense of comfort knowing their child is happy and healthy in their absence.

Thank you so much for your time! We hope you will join our family at Kids Harbor Learning Center soon.
